

Appln. No. 10/622,926
Amdt. dated January 11, 2005
Reply to Office action dated November 3, 2004

REMARKS/ARGUMENTS

The above-identified application has ~~been~~ amended under the provisions of 37CFR 1.312(a), independent claim 1 in order to properly define the scope of the invention. In particular, the specific reference to the light color emitted by the LEDs has been deleted and set forth in newly added dependent claim 19.

The reasons for allowance noted by the examiner do not indicate that allowance was based on the specific light colors set forth and thus it is believed that entering this amendment will not necessitate a further claim examination.

Respectfully submitted,
